## Tribute of Respect

Whereas, our venerable brother, Dr. George W. Williams, full of useful years, a long life well rounded out with good deeds and an irreproachable character, has been called by the Sovereign Grand Master of the Universe from the lodge terrestrial to the lodge celestial; therefore be it resolved by St. Francois Lodge No. 48 I. O. O. F.,

1st, That in the death of Brother Williams this lodge has lost its oldest and one of its most revered members—a brother Odd Fellow for nearly 54 years; one who in the every-day walks of life practiced in the highest sense those cherished virtues of our beloved order, "Friendship, Love and Truth," and who, in all the relations of life, recognized the Fatherhood of God and the brotherhood of man.

2d, That, though his family miss his daily presence and those endearing ties of home that bound him so tenderly to them here on earth, he has left them the undying heritage of a name that is honored wherever it is known, a character pure and unswerving, a Christian faith that is elevating and inspiring, and an assurance that he still lives in a more glorious and perfect light; and that while we sympathize and mourn with them, we also share with them the precious belief that he has only gone to his reward.

3d, That our community has lost one of its oldest, best and most highly esteemed citizens; his profession one of its most faithful, conscientious and honored members, and that all may see in his life an example worthy of imitation and emulation.

4th, That a page of the records of this lodge be set apart in commemoration of our departed brother, that the charter of this lodge be draped in mourning for thirty days, and that a copy of these resolutions, with the seal of the lodge, be furnished his bereaved family.

How much money will the average farmer of St. Francois county clear this season? Every man, woman and child in the county is directly or indirectly interested in this question, for agriculture is at the basis of all prosperity. Weather, market conditions and many other causes will enter into the calculation, but the energy, industry and good common sense of the farmer and his family are the most important factors. Our farmers are the most progressive in the country and are always on the alert for the best methods. Many of them are subscribers for The Farmer and Stockman, of Kansas City, Missouri, an exponent of both practical and scientific agriculture; and many more are seeing each year the importance of reading a good agricultural paper. The Farmington Times is glad to announce that it has made excellent clubbing arrangements with the Farmer and Stockman. Come in and subscribe for it next time you are in town. It will cost you but a small amount in comparison with its value, and it will help you to make money with your farm.
